NUMBER 10

Gaylord Teams Sweep Tournament

LARGE CROWDS WITNESS EXCITING CONTESTS

(By Gerald Poor)

The tournament, she has come and went. Unglamorous but truth-

ful. It promised to be one of the best basketball sessions held on the local court, and this expectation wasn't disappointed. Hotly contested games and few top-sided scores featured the whole affair.

In some ways this year's tournament was a duplication of last year's. Who says history doesn't repeat itself when you look at this array of facts. The same teams, that played the finals last year played the last games this year. Again West Branch brought in a highly-rated team, and again a band of scrappers from Lake City bumped them off for the biggest upset of the season. Again the big thrills came on Friday night, and the biggest crowd. But let's be a bit more specific.

Gaylord High took Class C. They won from Grayling and Lake City in their climb to the top. And another cup went back north as St. Mary's of Gaylord captured Class D, trampling under teams from Roscommon and St. Joe of West Branch.

Houghton Lake and St. Joe opened the activities on Thursday night. St. Joe copped, 25-13, from a flustered Houghton Lake outfit that's been able to play but a couple of times in six weeks or so. The West Branch parochials missed plenty but even so came through to victory. Roscommon downed Mio in the other game, 25-18. Mio could hardly cope with the "Commons" aggregation, but battled furiously.

Friday afternoon saw St. Mary's pitted against Roscommon and winning handily, 25-13. The clan McCoy wasn't to be stopped, and Roscommon went down. It was a good game to watch, however, and that's true of any game this St. Mary's gang gets into. St. Joe upset the works for Johannesburg 24-17 in the second game of the afternoon. Johannesburg lacked the poise and balance necessary for tournament play. They did surprisingly well against the experienced Branch club. Ammond scored eight of eleven goals for the winners.

Friday night, before a packed-in crowd the "Big Four" got into action. West Branch found Lake City a surprise. The Branch failed to score in the first quarter while the Lake-siders got five markers. From then on it was pretty even. West Branch pulled up to within a point, with five minutes to go, when Sheikh flashed real form for two baskets. The rally died however and Davenport put Lake City safe in the last minute. This magnetic mibe played a nice game. West Branch found its scoring aces bottled up tightly. Thompson got more fouls than points. Smith wasn't hot at all. The team also was suffering from flu. Still this is not to detract from the Lake City club. They battled like the very mischief and went best when it was toughest.

Grayling and Gaylord put on a typical battle. It was close. Closer even than the 21-16 score indicates. Both teams were at a high pitch and the features of this game were many. Harrison and Makel, opposing centers put on a nice exhibition. So did Gohro and Criske. Sheehy's long shooting was exceptional. It was a real old basic and no discredit to lose. The Friday night games were both going a long way to see, and hardest of all on West Branch.

The finals were staged Saturday night. St. Mary's cut St. Joe's defense to ribbons and flashed real form. This McCoy act is worth seeing. Else at center passes beautifully and follows in like a demon. Louie specializes in dribbling and long shots. Young Eddie has improved a lot this season. Seymanski is a good shot and guard Kwapis

busted loose on a personal scoring spree for three baskets—the first baskets this writer has ever seen him make. St. Mary's is aggressive and everlastingly hammering away, yet their defense is good and their team better rounded than a year ago. They took St. Joe 32-14. Ammond, who starred previously for St. Joe had a terrible season.

Gaylord High looked tired from their battle of the night before, but had plenty left to down Lake City 33-19. They got set shots in the Misankone zone defense for baskets, while the losers found that points came hard. Anderson's work featured their play. He played guard and center, corralled five field goals and a free throw, and utterly stole the honors from Davenport. Sigalle, their high-scoring against West Branch, went out on fouls pretty early. Gaylord has a nice ball club and deserved to win. They had plenty of support including a band that paraded.

At the conclusion of the last game, Tournament Manager, M. A. Bates read a list of all-tournament selections, presented cups to the winners, and basketballs to the losing finalists. The cups were the gift of this tournament. The state is economizing and sends only certificates of victory this year.

Gordon Tabraham of Cadillac and Roy Mides of Grayling officiated throughout the tournament and there (Continued on last page)

Four Generations of Lindbergh-Morrow Family

MAKE LIVING OFF SMELT

The village of Beulah which has obtained a nation wide reputation through its spring "smelt runs" is now finding a rival in Boyne City, which instead of commercializing, spring runs of the diminutive species, is taking advantage of the large numbers of smelt found in Lake Charlevoix.

During the present winter Boyne City residents have helped solve the unemployment problem by catching and selling smelt and by building and renting "fish shanties." Large numbers of these miniature buildings, equipped with lines, bait and what ever else is needed to catch smelt, are being rented out to people who are attracted by the sport from all parts of the state, and as taking smelt through the ice is rivaling dipping in popularity. A day's catch will range from 50 to 300 fish.

Many Boyne City residents have made a living through the winter catching smelt. The fish are selling for from one to two cents each.

GABBY GERTIE

"The plaintiff can hardly claim the defendant's lean if she has no judgment."

ROSCOMMON STAG-ING TOURNAMENT

INDEPENDENTS BATTLE THERE NEXT WEEK

Arrangements for the Independent Basketball tournament to be held in the High School gym at Roscommon on the evenings of March 17-18-19 are just about completed. Eight teams will take part in this tournament. The scheduled games for the first round which will start at 8:30 sharp on Thursday night March 17 are as follows:

West Branch vs. Beaverton at 7:30. Roscommon vs. Gaylord at 8:30. Lumberjacks vs. Mio at 9:30.

Ammond has in its new High School an ideal gymnasium in which to hold this event. You are invited to attend this Amateur Independent Basketball tournament at the popular prices of 20 cents for students and 35 cents for adults.

(From Roscommon Herald-News)

One of the most interesting basketball tournaments to be held in northern Michigan this season will be the independent or city team tournament to be held at the high school gym in Roscommon on Thursday, Friday, and Saturday evenings, March 17, 18 and 19, plans for which have about been completed. Seven teams have signed up to participate in what is expected to be the first annual play ground district tournament and already considerable interest is being created in major basketball circles and speculation is rife as to the possible championship winner.

The towns to be represented in the tournament will include Gaylord, Grayling, West Branch, Mio, Gladwin, Beaverton and Roscommon, all of whom have fast teams and give promise of some thrilling and exciting games. Representatives of most of the teams were here last week when final arrangements were made. Three games will be played on Thursday and Friday nights with championship and consolation games Saturday night. In the drawing Gladwin was given a bye while West Branch was pitted against Beaverton, Gaylord against Roscommon, and Mio against Grayling, playing the first series Thursday night in the order named, the games starting at 7 o'clock.

A nice collection of trophies have been ordered and the tournament staged in regulation style. To the team winning the "championship" will be given a genuine silver loving cup and to each player on the winning team will be given a rolled gold miniature basketball white similar to the team winning second place. Winners of the consolation series will also be given a genuine silver loving cup and a rolled gold miniature basketball will be given to the player winning the "free throw" contest. Two referees will officiate in the tournament, one of whom will be Elmer Smith of Houghton Lake.

The high school gym affords a fine setting for a tournament of this nature, the playing court being of regulation size with a high ceiling and seating capacity ample to take care of a huge crowd. The proceeds of the tournament, above expenses, will go toward added equipment for the gym.

*Speaking of parental authority, have you noticed how Japan minds the League of Nations?

BAY CITY TROJANS PLAY HERE TONIGHT

The local Lumberjack basketball team will swing into high tonight when they clash with the fast-moving Bay City Trojans on the High School court. The Trojans have had a good rest since their last encounter and promise to be in tip-top shape for this contest. The Trojans have won 30 and lost one game this year and some believe it is entirely probable whether or not the "Snow-Slide" can hold up under this invasion. We are of the opinion that regardless of their past record and their highly touted organization, the Trojans will have their hands full subduing the woodcutters. This coming attraction will be the elite of this season's bill so get your reservations early.

For a flashy prelim, the "Collegiate" will rub elbows with the Corkscrew Five. So for a little comedy and action, come in time for this opener.

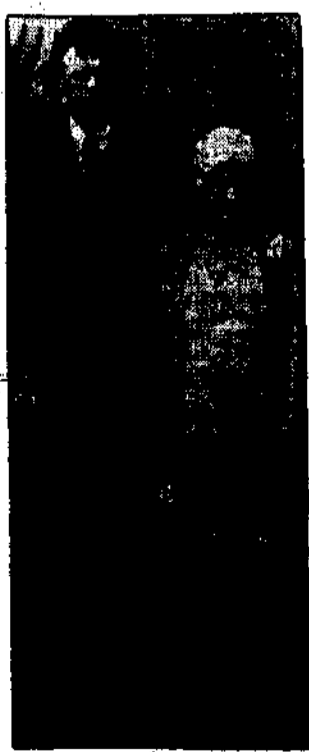

PIKE MAY NOT BE SPEARED

Pike may not be speared in Michigan's non-trout streams during the spring spearing season, the Department of Conservation said today. Last spring Grass (Great Northern) pike could be taken by spear, but the 1931 Legislature took this species from the list. The only species that may be taken by spear this spring are suckers, redbreast, mullet, carp, dogfish and garpike.

Daytime spearing only is permitted, since artificial lights are banned under the law, it was stated.

The spring spearing season in non-trout streams is from March 1 to April 30 in the lower peninsula and from March 1 to May 15 in the upper peninsula.

Uncharacteristic pose of Colonel and Mrs. Lindbergh taken after one of their long flights.

POLISHING PAPA FRIDAY NIGHT

SENIORS TO PRESENT 3-ACT COMEDY PLAY

The Seniors are going to be "Polishing Papa" tomorrow night. That is to say, the annual Senior Play will be presented in the high school auditorium at 8:15 tomorrow night.

The play the Seniors have chosen is an unusually good selection. A clever three-act comedy by Clark Willard, "Polishing Papa" has scored repeated successes wherever presented. Lots of hard work on the part of the casts has gone into the preparations made for this play, and a reputation of the class of '32's fine success as Juniors is anticipated. Public support of the venture is all that is needed to swing the play in fine style. It will deserve its attention from Grayling. The Seniors have worked under difficulties and should be rewarded for their efforts.

The casts is composed entirely of Seniors, and are nicely fitted to their parts. This is exceptional in a class so small that two-thirds of the members are included in the casts of characters. The Seniors who will be up there behind the lights are Irene Randolph, Esther Cahoon, Florence Kellogg, Evelyn Jordan, Estelle Larson, Harry Weiss, Billy Harrison, Russell Dunham, Billy Foley and Jimmie Miller.

The Dramatic Publishing Company's estimate of the play follows: Smith's Sausages were known throughout the land, but not the humorous troubles that he had at home with his children, who must present him to their new friends. Smith is altogether too ready to amble about his home minus necktie and shoes and grammar; and his son and daughter, fearing "disgrace," start to polish his appearance, his grammar, his table manners. But Smith is a peppery papa, and when he grows resentful plenty of drama follows, what with an English Duke, on whose title the daughter has her eye, coming to be impressed, not to speak of the lovely Rose Parker. The on-bates the sausage business, and wants to go into something "refined," he investment banking; and that brings plenty of troubles to him. The English Duke doesn't turn out so well, either, but the children and the father all turn out much better than they ever thought they would, once the various complications and misunderstandings are straightened out. There is plenty of comedy in this sparkling play of family life, with passages of the best and realst drama of all—that of the home circle—which will keep the audience hushed with anxiety until they suddenly find themselves carried away on tides of laughter. Outside the excellent parts within the family, there's the bewildering Rose Parker, who unexpectedly gets on better with Smith than anybody would have guessed; a smart, high-pressure salesman; a young lawyer far better than he seems; real parts for housekeeper and maid, and the society girls, not to speak of the Duke—and what a Duke! And when Papa takes up golf—what a game! This is a fine play by an author whose works have always scored successes.

Alimony is a shorter name for matrimonial reparations—Hamilton (Ohio) Journal.

WASHINGTON NOTES AND COMMENTS

(By Congressman Roy O. Woodruff, Tenth Michigan District.)

The kidnapping of the infant son of America's "lone eagle," Charles (Lindy) Lindbergh, has again brought sharply to the American people the necessity of arming the Federal Government with the necessary authority to prosecute criminals for the more serious crimes they commit. The constant growth of crime of every character and the apparent utter disregard of these criminals for human life, for human misery and suffering, for law, and for the state and lesser authorities, has become such that it must be recognized that unless we are to frankly turn the country and the safety and the welfare of its people, over to the tender mercies of the hoodlums the murderers, the gangsters, the racketeers and the kidnapers, we must without further delay, clothe with the authority to do the job some law enforcing agency having the will and the necessary efficiency to bring these outlaws to justice.

The United States Government through its Department of Justice, is apparently the only agency that can qualify for this work. Its successful prosecution of Al Capone, the notorious gang leader, gunman and racketeer, and others of his kind is outstanding in the annals of criminal prosecutions in the country. If no instance has one of these individuals escaped conviction, nor has one escaped the Federal penitentiary. It is common knowledge that these outlaws were guilty of murder, kidnapping, racketeering and every other crime in the category. Yet, because of the limitations of Federal authority in such matters within the states, the Government could only prosecute them upon the charge of having falsified their income tax returns.

The states have shown either an incapacity, an unwillingness, or worst in the handling of these cases. Gangsters everywhere throughout the country flout the authorities and carry on their operations with the utmost abandon. It must be clear to everyone that these conditions cannot be permitted to continue if our institutions are to survive. It must be clear that neither the sanctity of the home, the life of the individual nor the safety of his property can be secure unless this gang rule is ended.

The states have failed to prosecute successfully; the federal government has succeeded, insofar as its limited authority, has permitted it to go. This rule of crime must be stopped if the present agencies authorized to deal with it cannot do the job, and it seems they cannot, another agency that can do so must be empowered to act. This agency is the federal government itself. Congress should without delay, pass the necessary legislation, which is incorporated in my racketeer bill and provide the Department of Justice with sufficient funds to do this work successfully. The longer we delay, the more firmly these public enemies will entrench themselves, and the more difficult it will be to eliminate them.

War between China and Japan at Shanghai still continues. A few days ago the world was led to believe they were in a fair way to settle their differences without further hostilities when it was announced an armistice had been agreed upon. This is not the case, apparently. Before the armistice could be put into effect, the Chinese announced that the Japanese demands were so unfair and so utterly unreasonable that they could not even discuss them, and the armistice continued to pound away at each other.

The defense put up by the poorly equipped, poorly fed, Chinese soldiers has excited the admiration of the world. They have no tanks, no heavy long range cannon, and few airplanes. Their supply of ammunition for the guns they have is limited, and yet for weeks they stood like a stone wall while the enemy battered them night and day with the latest improved and most efficiency military equipment. They were defending their native land. Their losses in killed and wounded were enormous. Their spirit and smashing counter attacks in the face of devastating fire is unequalled in the history of modern warfare. Their fortitude and tenacity in holding the positions subjected to the fiercest onslaughts of cannon machine guns and bombing planes has astonished every newspaper man and every military observer witnessing the same.

These qualities must have been shocking indeed to the Japs who landed four or five regiments of marines to "wipe out" that part of Great China and compel its citizens to forego further booting of Japanese goods, a policy which they had started as a protest against the invasion and occupation of Manchuria. Instead of four or five regiments of marines doing the job, Japan has found it necessary to reinforce these organizations until she now has, it is estimated, more than 100,000 of her finest troops in the Shanghai area with more arriving almost daily. The League of Nations at Geneva has unanimously called upon both nations to cease hostilities. Whether

AIDS IN ANTI-HOARDING CAMPAIGN

Postmaster M. A. Bates endorses the anti-hoarding campaign that is being waged in America at this time and says:

"Few people realize the power of a dollar at work.

"When money is hidden away or locked up in a safe deposit box, it is dead. It is of no use to the owner, and it is actually tying up many times its face value in trade.

The minute you take it out of hoarding and put it into a bank or buy something with it it multiplies itself tremendously.

There is just so much actual money in the United States. About five billion dollars to be exact.

Yet with that five billion dollars we do, in fairly normal times, eighty-five billion dollars of business.

In other words, every dollar in circulation makes seventeen round trips a year. It does seventeen dollars worth of business.

That is why President Hoover and his Reconstruction Committee is laying such stress on the matter of hoarded money.

Take a billion dollars in cash out of circulation and you can see what a slice it cuts out of the business of the country.

Seventeen billion dollars worth of business means something like four million jobs.

So you see if we can bring back into circulation that billion dollars of hoarded money and put four million men back to work our present problem is solved. Prosperity will be in our midst again.

None of us would like to think that we are personally responsible for a man being out of work and for his wife or children suffering from want. Yet every man or woman who is hoarding \$235 is depriving some other man or woman of a year's work. No one is asking us to spend our savings in order to bring back good times. But the President's committee is asking us to make our savings work for us and give work to somebody else.

Here is where every man in business who has been hoarding can help himself and his industry.

Let us help dig out this hoarded billion.

Remember that every dollar circulated does seventeen dollars worth of business.

VILLAGE ELECTION NEXT MONDAY

The annual election for the selection of village officers will be held in Grayling Town hall Monday, March 14th. Following is the list of candidates appearing on the ticket:

Citizens Ticket.
President—Charles O. McCullough.
Clerk—Lorane Sparkes.
Assessor—George N. Olson.
Trustee (two years)—Emil Giegling.
Trustee (two years)—Albert L. Roberts.
Trustee (Two years)—Roy O. Milnes.

The Chinese treasury is empty, but we can't be patronizing on that account.—Cincinnati Enquirer.

The orders of the League are to be obeyed, depends upon whether Japan has accomplished what she originally set out to do. If she has not, she will continue her military campaign, always of course, charging the Chinese with the responsibility for such actions. She knows what she wants and she knows also that this is the time to secure it.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, March 11, 1909.

Born—March 8, to Mr. and Mrs. G. Hayl, a daughter.

Mrs. John Aebli left for Canada last week, for an extended visit with her parents.

Jack Dixon and family have returned from the "sunny south" to the land of prosperity where they can earn a living.

Sheriff Amidon left for Shiawassee county Monday morning for his regular annual visit to the parental home.

Saturday evening, P. Jorgenson, fell from the hayloft in C. Hanson's livery barn on the cement floor below, and was badly shaken up, but not seriously injured.

The Misses Kraus were driving last Sunday, when the horse became unmanageable and tipped them out of the cutter and continued his race to the barn. There was no damage except that the young ladies were quite severely shaken up.

March reached here Tuesday morning with a blizzard of snow and wind.

Mercury registered at 45 degrees last Sunday, and our sleighing suffered in consequence.

Miss Dora Hoelsl was taken to Detroit one day last week where it is expected she will undergo a surgical operation.

R. Hanson & Sons mill was idle last Saturday, on account of a bursted water pipe, which gave the boys a day's rest.

Peter Failing, who has been in North Dakota for the past year has returned to the "Only town on the map" to stay. There is no place like Michigan.

A big scare made by a little fire in the chimney of Miss Hadley's residence Monday. No damage, and the saving of the expense of a chimney sweep this year.

Mr. R. Leitz has opened a tailor shop, over Lewis & Co.'s drug store.

Four young men were arrested Monday for disturbing the religious services at the M. P. Church, Sunday evening. The first pleaded guilty and paid ten dollars and cost for his suit. Two pleaded not guilty and are awaiting trial to be had next Monday. The other has not yet been arraigned.

About 30 Foresters of Court Grayling No. 790, and their friends walked in on Mr. and Mrs. F. Freeland, Feb. 27, and gave them a surprise, who gave them a hearty welcome.

Village Election.

The first time in the history of our village there was two tickets in the field, but both were drawn regardless of party lines, and gave occasion for the cry of "ring" and "sorehead." The highest vote ever before polled was thirty-six, but Monday's vote reached one hundred and fifty-seven, with the following result:
President—Hunt, 107; Sorenson, 45.
Clerk—S. Phelps, 121; Mahon, 8.
Treasurer—R. Reagan, 109; Becker, 46.
Assessor—Fred Narrin, 126; no op-

position.

Trustees—C. J. Jerome, 120; C. O. McCullough, 99; Walter Love, 114; E. A. Keller, 6; John Olson, 62; C. Ackerman, 35.

Lovells Local
(23 Years Ago)

Mr. Thompson of AuSable has been loading out a lot of lumber for Mr. Yockey, the past few days.

Mrs. Bessey was doing business at Lewiston Thursday.

(Mrs. Halm gave an inauguration party Thursday evening at the Simms House. The house was decorated with the stars and stripes. The guests had a very pleasant time.

Jacob Husted was in town Friday.

Alonso Bessey and wife started for Washington Friday.

Margaret Husted went to West Branch Friday.

Lewis McCollamow has moved into the house vacated by Mr. Bessey.

Mr. and Mrs. Schmidt of Grayling took dinner with father Owen Saturday.

Elmer Bowman received the news that his father is very low with heart disease.

Charles Middelborg has come to help Mr. Bowman prepare the pine seeds for planting on the AuSable Forest Farm.

Mrs. Walking called at Grayling.

Mr. and Mrs. Hinton were doing business at Johannesburg Saturday.

Hardgrove Happenings
(23 Years Ago)

Mr. and Mrs. F. Freeland, Mr. and Mrs. C. Yost and Mr. and Mrs. J. Schoonover were guests of Mr. and Mrs. Wm. Feldhauser Sunday.

Supervisor Hardgrove has gone on business to Grand Rapids.

Mrs. C. J. Kirby went to Mt. Pleasant Monday. Mr. Kirby accompanied her as far as Saginaw.

Mrs. Henry Feldhauser and little son, Clarence and daughter, Emma took dinner with Mr. and Mrs. Wm. Feldhauser Sunday.

Wm. Hunter and family took dinner with Mr. and Mrs. H. S. Buck Sunday.

Maude Woodburn and Miss LaBean took supper with Anna Thompson Monday evening. A very pleasant time was had.

Mrs. Wm. Feldhauser is rejoicing over the happy news of a 10 and a half pound boy born to Mr. and Mrs. Martin. The mother is a sister of Mrs. Feldhauser.

Misses Anna Thompson and Maude Woodburn were callers on Mrs. Wm. Feldhauser Sunday.

Nick Hoy had better after this, let his neighbors know when he is going away to stay for some time, for it took Mrs. H. S. Buck, Maude Woodburn, and Arthur and Rudolph Feldhauser to carry feed to his stock from their homes so they would not starve.

Emma Feldhauser is spending a few days with her brother and sister at Hardgrove.

RAIN LABORS AND BUYER SAYS GOVERNMENT BUYER

The label on a box of raisins will tell the discerning buyer more about this delicacy than the dictionary does, says W. B. M. Wharton, chief of the Federal Food and Drug Administration's eastern district. Coming mostly from the Mediterranean countries and California, raisins fall into a number of different classes, suited for different purposes.

In the first place, several varieties of grapes are used to make raisins. Spanish malaga and California muscatels are used in the production of dried bunches or clusters, and muscatels are also used to make dried bulk raisins with seeds. California malaga and muscatel (muscatels) also go into the production of seedless raisins. Seedless raisins, according to Wharton, are produced by drying California Thompson seedless and Turkish Sultan grapes.

Clusters and seeded raisins are sold by size and the sizes are frequently indicated by the terms "Fancy" and "Choice." Two other designations frequently printed on labels to indicate sizes are "Extra Standard" and "Standard." Extra Standard raisins generally are meaty and plump and have shallow wrinkles, while raisins of the next lower grade, Standard, tend to be more wrinkled and lean. Pound for pound, there is probably little difference in quantity of fruit contained in given lots of Extra Standard and Standard raisins.

"The housewife may find upon raisin box labels information as to the kind, variety, quantity, place of production, whether seedless or seeded, and sometimes a declaration of grade," says Wharton. "While the food and drugs act does not require all this information, it does insist that labeling be truthful. Raisin boxes are occasionally slack filled, but the label always states the quantity in the package."

TO GO ON AGAINST ILLEGAL SPEARING

In an effort to prevent as much as possible the illegal taking of game fish, all conservation officers in Michigan have been instructed to spend as much time as possible patrolling the streams during the period of the spring spearing season.

The spearing season opened March 1 and will remain open until April 30 in the lower peninsula and May 15 in the upper peninsula. The open season permits the spearing of carp, suckers, rock bass, mullet, dogfish and garpike in non-trout streams without the use of an artificial light.

Last spring the Department of Conservation experienced considerable trouble because of the fact that legal permission to have a spear on certain waters offered a temptation to some fishermen to take game fish. Scores of persons were convicted of spearing trout, bass and other game fish and hundreds of pounds of speared game fish were confiscated.

Officers will make regular patrols of not only non-trout streams where legal spearing is permitted, but along trout streams as well.

DID YOU KNOW?

That the U.S.S. Omaha is our fastest light cruiser? She has made a speed of 34.9 knots.

That Al Simons, big league ball player, once served in the Navy under his right name of Szemanski?

That safety matches are the only kind allowed on board naval vessels?

REGISTRATION NOTICE

To the Qualified Electors of the Township of Frederic, County of Crawford, Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary election and the day of such election.

Notice is further given that I will be at my office on

Tuesday, March 15th.

Saturday, March 19th.

Saturday, March 26th.

1932, from 8 o'clock a. m., until 7 o'clock p. m., on each of said days for the purpose of reviewing the registration and registering such of the qualified electors as may properly apply therefor. March 26th is the last day of registering by personal application.

Dated March 8, 1932.

E. A. Corsaut, Township Clerk.

REGISTRATION NOTICE

To the Qualified Electors of the Township of Lovells, County of Crawford, Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary election and the day of such election.

Notice is further given that I will be at my office on

Tuesday, March 15th.

Saturday, March 19th.

Saturday, March 26th.

1932, from 8 o'clock a. m., until 7 o'clock p. m., on each of said days for the purpose of reviewing the registration and registering such of the qualified electors as may properly apply therefor. March 26th is the last day of registering by personal application.

Dated March 8, 1932.

Ruth Gaid, Township Clerk.

AGRICULTURAL NOTES

Growers Lose Money Buying Poor Chickens

The few cents saved by poultrymen when cheap baby chicks are bought is apt to become an expensive economy after the chicks have grown to a producing age and it is found that the birds lack the characteristics which are necessary to make them profitable layers, according to the poultry department at Michigan State College.

Sellers of baby chicks are in the business for profit. They cannot maintain good breeding flocks and use good systems of flock and hatchery management and then sell their product at a low price. Egg producing characteristics are hereditary and a pullet which lacks the producing factors cannot be fed or handled in a manner which will make her profitable.

The difference in price between good chicks and mediocre ones is usually only a few cents. The feeding and care of poor chicks is just as expensive as that of better birds so the only saving made is in the original purchase price.

Well-bred pullets should lay 200 eggs or more a year, but poorly bred pullets usually have production records of 100 eggs or less each year. The difference in production may be as high as 10 dozen eggs per year, and if the price for eggs is only 25 cents per dozen, the difference in returns from the two birds is \$2.50.

When any lot of chicks is placed in the brooder-house, all small, weak, and deformed chicks should be taken from the lot and killed. These chicks are apt to be a continuous liability and time and feed should not be wasted on them.

Suggest Time Table To Boil Vegetables

A time table for boiling vegetables will be of practical use to housewives in procuring the best results. The extension division of the home economics department of Michigan State College has prepared such a guide, which designates the proper amount of water needed and the time required for the vegetable to become tender.

A large amount of water is required for green beans, young and old beets, Brussels sprouts, cabbage, cauliflower, fresh corn, onions, and

turnips. Asparagus, parsnips, Irish and sweet potatoes require enough water to cover the vegetable, while young and old carrots, celery, and peas need enough to keep them from burning. Only what water clings to the leaves after washing is required for boiling spinach.

Over-cooking of vegetables lessens their palatability, destroys the delicate flavors and textures, destroys the vitamins, and lessens the nutritive value. Difficulty in digesting food is often the result of over-cooking, especially in the case of vegetables of the cabbage family.

The proper time for boiling the more common vegetables to tender point has been determined by the extension department as follows: asparagus tips, 6-10 minutes; ends, 15-20; green beans, 30-35; beets, young 30-35; old beets, 40-120; Brussels sprouts, 8-12; cabbage, quartered or shredded, 6-9; young carrots, 15-25; old carrots, 20-30; cauliflower, 10-15; celery, cut, 15-20; fresh garden corn, on cob, 3-5; fresh market corn on cob, 10-15; onions, quartered, 20-35; parsnips (quartered) 25-30; peas, shelled, 15-30; Irish potatoes, 20-30; sweet potatoes, 15-25; spinach with stems, 8-12; spinach without stems, 3-8; turnips, pared and diced, 20-30.

The mash for the poultry flock should contain from 10 to 20 per cent of feeds rich in protein. Laying hens need more protein than chicks. Animal protein is superior to that contained in vegetable feeds. Meat scraps, fish meal, and milk are the principal sources of animal protein.

Eighty-nine per cent of the corn grown in the United States is fed to livestock, an exhibit on the subject prepared by the United States Department of Agriculture says. This corn constitutes 25 per cent of the entire sustenance of our livestock.

Sodding is the quickest way to establish a lawn on a bank, though this method is somewhat expensive. To get good results with sod, it is necessary to enrich and prepare the soil before sodding. Water the sod often. Sod on very steep banks may slip and slide in the spring. To prevent this, drive small wooden pegs into the ground so their tops are level with the sod.

Homemakers' Corner

By Home Economics Specialists
Michigan State College

The right color for curtains will add sunshine and cheer to a dark, dingy room. The warm colors are yellow, peach, and similar shades, which reflect a bright sunny light.

The mother who is interested in keeping her family well will provide milk, fruits, and vegetables, the so-called protective foods, for her family. One quart of milk for each child and a pint for each adult will provide the lime essential for the building and maintenance of good

bones and teeth.

All children need playmates who are about on the same development level. This helps them all to solve the problem of the give and take of human relationships.

A wooden spoon used in a utensil saves dark streaks on food stirred with them. It is particularly good for whipping potatoes, candy, or frosting. The spoon should be made of hard wood and shaped so that it can be easily cleaned.

Now trouble has broken out in Memel, and the League of Nations has been called on to settle it. Do you know where Memel is? It's a chance you would soon know if Uncle Sam were a member of the League and had to help settle the quarrel.

Aches and PAINS

When you take Bayer Aspirin you are sure of two things. It's sure relief, and it's harmless. Those tablets with the Bayer cross do not hurt the heart. Take them whenever you suffer from

any cause—when a cold has settled in your joints, or you feel those deep-down pains of rheumatism, sciatica, or lumbago, take Bayer Aspirin and get real relief. If the package says Bayer, it's genuine. And genuine Bayer Aspirin is safe.

Headaches
Colds
Sore Throat
Rheumatism

Neuritis
Lumbago
Toothache

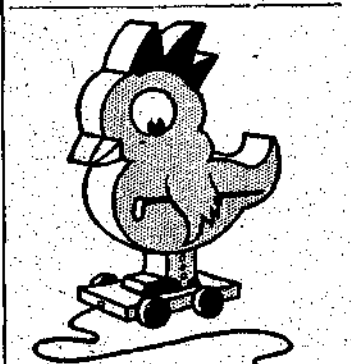

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

BEWARE OF IMITATIONS

OBSERVATION CAR FOR AKRON

According to the Navy Recruiting Station, Detroit, the U.S.S. Akron will be equipped with a small basket, similar to a balloon basket, which can be lowered below clouds concealing the ship itself, and on account of its small size will be harder to see by an enemy. It has been delivered to the Naval Air Station, Lakehurst, for trial. A dummy will be used for preliminary tests, and if these prove satisfactory, an observer will ride in it for further tests.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper, mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

ANNUAL TAX SALE

STATE OF MICHIGAN,
County of Crawford.

The Circuit Court for the County of Crawford in Chancery:

In the matter of the petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court to be held at the Village of Grayling in the County of Crawford, State of Michigan, on the 12th day of April A. D. 1932, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court, above mentioned, in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire interest, then the whole parcel shall be offered as one parcel, and if no person will pay the taxes, interest and charges and take a conveyance of the whole parcel for the time being, and on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Guy E. Smith, Circuit Judge, and the seal of said Circuit Court of Crawford County this 5th day of February, A. D. 1932.

GUY E. SMITH, Circuit Judge.

AXEL M. PETERSON, Clerk.

(SEAL)

STATE OF MICHIGAN

To the Circuit Court for the County of Crawford in Chancery:

The petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all lands in said County of Crawford, upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows that the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1898, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1890 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 200 of the Public Acts of 1891, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1890 or any prior year, said lands have not been sold for said taxes, or have been heretofore sold for said delinquent taxes and the sale or sales so made have been set aside by a court of competent jurisdiction, or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses as set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent; and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, etc.

Dated February 4th, 1932.

ORAMEL B. FULLER, Auditor General of the State of Michigan, for and in behalf of said State.

FEARS RESULT OF SPECIAL SESSION

SHALL THE BUILDING OF HARD SURFACED ROADS IN THE NORTH BE ABANDONED?

How much will the road building program in the North suffer at the hands of the Special Session of the Legislature? This is a question which is of vital importance to us in this part of the State.

It is generally understood that the Special Session is being called to relieve a few of the wealthy southern counties which are finding it difficult to meet the bond issues which they floated some time ago when they started on a spasm of road building under the Covert Act.

Some of these roads were necessary, many were not. Some were grand thoroughfares, forty feet wide, built where there is no more traffic than is adequately carried on some of our narrow hard surfaced roads. A good many of them were sponsored by real estate sharks who have now reaped their harvest and are looking for someone else to foot the bill.

Under the Covert Act, when land was subdivided and some of the lots sold, the buyer, by properly signing and executing a petition, could force the State Highway Department to construct these roads. This scheme was followed quite consistently, causing many highways to be built for which there was no real need.

Some of these counties have made no effort to retire these bonds. May be they believed there was a Santa Claus who would come to their rescue. Will this Santa Claus come in the form of the Special Session of 1932?

For years bills have been introduced seeking to divert a part or all the weight tax to these few counties now suffering from that road building spree. If this Legislature should attempt to give that relief by diverting the gas and weight tax, it will be many years before we will see the road building program in the North completed. Possibly it would never be completed. In that case, we who have been patiently waiting while these counties have been building all the roads they needed, and more than was needed, will have to stand by and see our money go to pay the accumulated debts of our wealthy, extravagant neighbors.

I favor legislation that will grant to these counties an extension of time on their bonds, so that they can declare a holiday in road building and use their own portion of the gas and weight tax to take care of their own indebtedness.

I am opposed, and always have been opposed, to any diversion of the gas and weight taxes for any purpose other than public road building, until such time as the road building program has been taken care of in the North.

In closing will say that I shall be glad to receive suggestions on this question.

Ben Carpenter,
Senator, Twenty-Eighth
District.

PROTEST AGAINST FAST MOTORBOATING

Additional protection to the hundreds of thousands of persons who use Michigan's state park bathing beaches will be given during the coming season through a law adopted by the legislature last year regulating the operation of motor boats.

It is now a misdemeanor for any person to operate a motor boat in a reckless manner or at a speed that will endanger the life or property of any person in or on the water. He must have due regard for the presence of other boats, bathers, and persons engaged in fishing.

It is expected that the operation of the new law will have considerable effect in preventing motor boats from approaching too closely to bathing beaches and to anchored row boats.

Bathers at state parks have frequently been endangered by speeding motor boats running within the limits of the bathing beaches. In the past there was no state law giving officers any authority to stop this practice.

"Clothes always give a lot of confidence."

"Yes, you can go to a number of places with them where you could not go without them."—The North West Farmer and Farm Home.

HEALTH DEPT. REPORT

In this letter I will give a brief outline of some of the activities during the months of January and February. Mr. Webb, our sanitary inspector, will also give a brief outline of the work he is responsible for.

During the month of February we have had a few persons visiting our Health Department. These have included Dr. Carey, director of Child Health, and Miss Cummings, statistician of the Children's Fund of Michigan. From the State Department of Health we have had with us Dr. Barrett; also, two physicians who are taking special training in Public Health at Lansing. Mr. Anderson, sanitary inspector for a new health unit which has been opened, spent two days with Mr. Webb familiarizing himself with some of the field work.

There has been and is at present a mild epidemic of acute infectious colds. In some districts 50% of the school pupils have been out on account of illness. A few schools have been closed because of this infection. There have been cases of scarlet fever present in every county but no unusual number of cases have been reported.

A few cases of measles have been reported; a number of chicken pox cases have occurred, chiefly in Kalamazoo county.

The county child health committee have been meeting regularly and are actively engaged in promoting child health. The Crawford committee met in February with the County School Commissioner and Superintendent of Grayling schools. Arrangements were made at that time for a county May-Day program. The Kalamazoo county committee has been working in cooperation with the Welfare committee in connection with relief and sanitation. On March 3rd the Child Health and Welfare committee held a benefit party to raise money for the children of the county.

The class in home hygiene at Kalamazoo is in progress under the direction of Miss Conely. Field visits were made in the schools of the different counties; 120 of these pupils had their parents present at the time of examination. Over 50% of these pupils had, defects, exclusive teeth, which needed correction.

219 children have been immunized against diphtheria in 16 different schools. During March several hundred will be starting treatments. We are now using Toxoid in place of Toxin-Anti-Toxin for immunization against diphtheria. This is a superior product and produces a greater number of immunes than T. A. T. Three injections are given 3 weeks apart.

During the two months I covered a mileage of over 4,000 miles in my work.

660 children were fitted with glasses in 1931. Repairs for these glasses when necessary are being taken care of from time to time.

The sanitary program may be divided into four divisions; school inspections and re-inspections, dairy inspections, resort inspections and investigation and abatement of nuisances.

Inspections are made of each school in the district to determine the general sanitary condition of the buildings and grounds, the condition of toilets and out-buildings, the condition of the water supply and the dispensing of it, the condition of the heating and ventilation systems and if they are being operated properly, the condition of the seats and if they are properly fitted to the child, and if the schoolroom has the proper amount of light evenly distributed. Also, at the time of these inspections a sample of the water is taken and sent to the State laboratories for analysis. A copy of the inspection is sent to each director, calling attention to any defects and unsanitary conditions found and recommending that they be corrected. A re-inspection is then made of the school and an interview with the director to determine whether the conditions have been improved upon.

Inspections are made each month of dairies and farms producing milk for direct consumption within the district with regards to cleanliness of equipment and cows, methods used in handling and cooling the milk and general conditions in and about the barn and milk house.

The summer is largely taken up by the inspection of resorts; summer hotels, tourist camps and places of amusement open to the public. These inspections are sanitary surveys of the resorts and include food handling, proper storage and refrigeration of food, sewage disposal, water supplies, bathing beaches and general conditions. They are given a definite score on each of the above mentioned items. The inspection sheets are sent to the State Health Department where they are totaled and each resort owner is sent the score for his resort.

The investigation of nuisances and unsanitary conditions that are reported to the Health Department and their abatement, when determined injurious to public health, comes under the jurisdiction of the sanitary inspector.

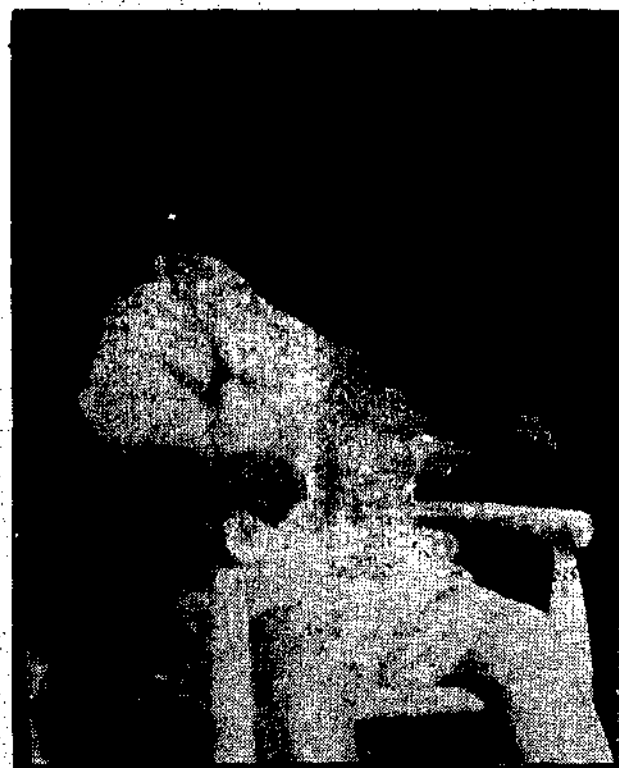

The past two months have been largely spent making re-inspections of schools and interviewing directors.

Our dentist, Dr. Bearsch, is now working at Grayling; he will be here for three months. The last three months were spent in Kalamazoo county. During January and February 180 children have had teeth filled or extracted and 250 have been examined.

Gordon B. Moffat, M.D., D.P.H.,
Director.

"Lead" on Own Time
In contrast to American custom, commercial and industrial firms in France do not give a vacation with pay to their employees except in a very small proportion of its 800,000 establishments.

Latest Photo of Lindbergh Baby

Photograph of Charles Augustus Lindbergh, Jr., made public by the family after the kidnaping to assist in the search for the child.

NON-RESIDENT FISHING LICENCE

The 1932 non-resident fishing licenses are now being prepared for shipment from the Lansing office of the Department of Conservation to the various license agents scattered through the state. The licenses are accompanied by a green button.

Non-residents this year will pay for the first time the increased fee set by the state legislature last year. The law increasing license fees were passed too late to be effective for the 1931 license. The licenses are issued for the calendar year.

The non-resident fishing license this year costs \$4 instead of the \$3 paid last year.

Under the new fishing law non-residents fishing in the waters of the Great Lakes over which the state of Michigan has control, must have a license. The same license permits fishing the inland lakes and streams. In past years non-residents were not required to have a license for game fish in the Great Lakes.

The licenses must be secured by all non-residents over 18 years of age who fish in Michigan waters. The license permits the taking of any kind of fish during the respective open season. One day's legal catch may be transported outside the state when carried as open hand baggage.

The old law permitted non-residents to take fish by hook and line only. Under the law now effective non-residents may take fish in any manner in which fish may be caught by Michigan residents, provided they have purchased a non-resident fishing license.

VIRGIN ISLANDS NAVAL BASE

Although the Virgin Islands have been turned over to civilian control, the Navy Department does not intend to abandon the naval station at St. Thomas, according to the Navy Recruiting Station, Detroit. The strategic importance of the islands with respect to the defense of the Panama Canal has not changed since the islands were acquired.

DEPT. OF STATE
STATE NEWS BULLETIN

Unnecessary withdrawals by shareholders of Michigan building and loan associations, seriously hamper business, Coleman C. Vaughan, director of the building and loan division of the Department of State, declared recently.

"The effect of large numbers of withdrawals," he said, "is to stop needed loans in order to pay withdrawals; and when withdrawals cannot be paid as fast as presented, it causes others to withhold investments, the withdrawing shareholders themselves preventing new loans and new investors putting in money and seriously affecting the earnings of their own corporation."

"If every application for withdrawal of shares in Michigan building and loan associations were canceled at once, new money would soon come in to loan, earnings would increase and shareholders would be benefited thereby. It seems probable, based on past experience that if this were done the associations would, in a reasonable time, be able to resume paying off applications for withdrawal on demand, as they did generally for many years. It is hoped that all shareholders will try this plan of cancelling applications and will say to themselves:

"This is my association, I am a shareholder and a part of it; it is my business and I will stand by and help to make it stronger and a blessing to the community in the future, as it has been in the past."

"Not a building and loan association in Michigan was closed in 1931."

On April 1, the state will pay an additional \$250,000 on its debt to the counties for the care of tubercular patients in county institutions. Since the malt tax law became effective last spring, the state has previously paid the various counties \$500,000. Total revenue from this source, according to Department of State records, will exceed \$800,000 by April 1.

Japan, Having Saved Face by Victory, May Make Peace With China—Lindbergh Baby Kidnaped for \$50,000 Ransom.

By EDWARD W. PICKARD

PROSPECTS for cessation of hostilities in China and for ultimate peace were somewhat enhanced the middle of the week; for Japan had "saved face." Her forces in the Shanghai area strongly reinforced and under the supreme command of Gen. Yoshinori Shirakawa, former minister of war, another tremendous effort to drive back the Chinese army was started and after many hours of fierce fighting, was reported to have succeeded. Gen. Tsai Tsiang-shan's Nineteenth route army which had been so bravely resisting the invaders broke and fled northward and westward from the Chapei-Kiangwan line, and the Japanese, having accomplished their immediate object, their military and naval authorities ordered the cessation of operations and submitted terms for a truce pending the holding of an international conference on the Shanghai situation.

Gen. Shirakawa

It was apparent that the Japanese were determined to win a big victory before the meeting of the League of Nations assembly on Thursday. Having accomplished this object, they were in better position to make or accept peace plans. Earlier in the week conversations in Geneva and aboard the flagship of British Admiral Sir Howland Kelly at Shanghai had led to hopes that there would be an immediate cessation of fighting. But the Japanese still insisted on the withdrawal of the Chinese forces before moving their own, and this China refused. In Geneva the council of the league adopted a proposal of Joseph Paul-Boncour for a conference of all the powers directly interested, in Shanghai; and the Japanese government accepted this plan. Sir John Simon, British delegate, announced that the United States would adhere to this proposal. The council made the conference contingent upon a truce, and the fact that the severest fighting of the war followed immediately served to confuse the situation and to make observers in Shanghai skeptical of results.

Dispatches from Tokyo quoted War Minister Araki as declaring: "Even if diplomatic negotiations are opened, we cannot withdraw our forces immediately. It is impossible to do so in dealing with China's undisciplined and treacherous military forces. We can only withdraw our troops after witnessing ourselves that the Chinese forces have been withdrawn definitely to a certain designated point. We can keep our promise, but there is no guarantee that the Chinese will keep theirs."

Notwithstanding the arguments and pleas of certain university presidents and many pacifists, the United States government will not countenance a boycott of Japan, which would be in effect a war measure. Great Britain also is opposed to such an economic blockade, and therefore it was predicted that this drastic step would not be voted by the league assembly. The smaller nations were expected to favor the boycott but it could be side-tracked by the British.

CHARLES AUGUSTUS LINDBERGH, Jr., the twenty-months-old son of Col. and Mrs. Charles A. Lindbergh, was kidnaped Tuesday evening from the nursery on the second floor

of his parents' home at Hopewell, N. J. The police forces of New Jersey, New York, Pennsylvania and other eastern states were busy on the case within an hour and, with the aid of countless armies, began an intensive search for the infant and the rash miscreants who had stolen him. Indications were that the crime was committed by a man and a woman and that the kidnapers had fled in an automobile.

The criminals left a note demanding the payment of \$50,000 ransom and threatening the baby with death if this were refused. Colonel and Mrs. Lindbergh were of course ready to pay anything possible to get back their child and the authorities aided them in facilitating negotiations. At this writing it is reported that the return of the baby is expected soon. The kidnaping shocked the nation and the Lindberghs, had the warm sympathy of the entire population of the country and the active aid of everyone who could in anyway help them.

NOT officially associated in any way with the situation in the Orient, but interesting nevertheless is the fact that in a short time almost the entire navy of the United States will be in the Pacific ocean. Orders issued by the Navy department direct most of the warships in Atlantic waters to take part in the March and April maneuvers in the San Pedro area. The training squadron of the scouting force and the special service squadron, including ten new cruisers and destroyers, will join the scouting force of the Pacific fleet in defense of that part of the California coast from attack by the battle fleet, which was due to start eastward from Hawaii on March 8. A total of 141 warships of all types, including battleships, aircraft carriers, eight-inch gun cruisers, destroyers, and submarines will participate in the test of the Pacific coast's defensive power.

REPRESENTATIVE CHARLES R. CRISP of Georgia, acting chairman of the house ways and means committee, and his subcommittee for the drafting of the new tax bill completed their work and reported the measure to the full committee, after which it was referred to the house for passage. Mr. Crisp announced that the bill assured a balanced budget by the end of the next fiscal year provided current estimates were not upset.

The measure is expected to provide approximately \$1,100,000,000 additional revenue annually through new or increased taxes. The principle feature is the general manufacturers' sale tax, which, by the inclusion of a tax on gasoline sales, should produce \$925,000,000 annually. Increases in income, inheritance and estate taxes will bring about \$250,000,000. The remaining \$225,000,000, or thereabouts, will be raised by excise taxes. A promised cut of \$125,000,000 to \$150,000,000 in appropriations will bring this revenue program within the limits of next year's budget, it was said.

ECONOMY went by the board when the house passed the emergency road construction bill which appropriates \$192,500,000 for federal aid to the states in road building. Supported as a means of relief to the unemployed, the measure passed by a vote of 205 to 109, only 12 Democrats being recorded in opposition. Most of the money is to be allotted to the states by the secretary of agriculture under the provisions of the federal highway act. The federal government, according to the terms of the measure, is to be reimbursed over a period of ten years, commencing in 1933 by making deductions from regular appropriations to be made later under the highway act.

Secretary of Agriculture Hyde severely criticized the bill, asserting it would provide jobs for only about 85,000 men and would endanger stable development of the future federal aid program. It was predicted the measure, if it passed the senate, would be vetoed by the President.

QUARRELING over credit for legislative achievements, the Hoover supporters and the Democratic leaders have quite captured the bi-partisan alliance for the economic relief of the country, such as it was. Speaker Garner assailed the President, was in turn attacked by Senator Moses of New Hampshire, and the Democrats who hope to see Mr. Garner nominated for President leaped to his defense, chief

Senator Connally of the latter was Senator Tom Connally of Texas. In a fiery speech he lambasted the administration for extravagance and lauded the Democrats for economy.

Senator Brookhart of Iowa interjected a question and brought on him self this withering retort: "The senate from Iowa is a Republican in name only. It is just as bit for an antagonist of the present administration as any Democrat dare be. Yet he is afraid of anything that happens to bear the Democratic label."

Write 1931 down as the year in which a great many sinking funds went down for the third and last time. —Nashville Banner.

WHAT NOT TO DO SHOWN IN FILMS

What shouldn't a hunter, fisherman, picnicker or a camper do? The Department of Conservation is open to suggestions to include in a motion picture film to be made this year.

The motion picture will be designed to teach safe habits in the woods, fields and waters, by showing those who seek recreation what not to do. What happens when a hunter pulls his gun toward him by grabbing the barrel; what happens when a fisherman tosses back an undersized fish without first wetting his hands; will probably be among the lessons taught in the picture.

The Educational Division of the Department is anxious to obtain all possible suggestions for the picture, and anyone having an idea on the subject should write to the Educational Division, Department of Conservation, at Lansing. The Department's pictures through a film loan service are shown to more than half a million people in Michigan every year.

Among the pictures planned for release next fall will be one on Michigan's fur bearing animals to include raccoons, skunks, mink, muskrats, etc.; one on beaver to show habits of the animal and how he builds and repairs his dams; and a picture on Michigan deer hunting.

Educational Necessaries
The subjects which are necessary tools in securing an education, such as reading, writing, arithmetic and grammar, are known as tool subjects by educators.

Remember the good old days when the appearance of green onions on market was a sign that spring was approaching?

German Remedy Stops 30-Year Constipation

"For 30 years I had a bad stomach and constipation. Sourcing food from stomach choked me. Since taking Adlerika I am a new woman. Constipation is thing of the past."—Alice Burns.

Most remedies reach only lower bowel. That is why you must take them often. But this simple German remedy Adlerika washes out BOTH upper and lower bowel. It brings out all gas and rid's you of poison you would never believe was in your system. Even the FIRST dose will surprise you. Mac & Gidley, druggists.

Miss Ruth McNeven had as her guest over the week end Parr Peterson of Lansing.

Miss Kathryn Brown had as her guest over the week end Dan Wurzburg of Lansing.

Mrs. Herbert Gothro is visiting at the home of Mr. and Mrs. Clarence Brown in Bay City this week.

Don't miss seeing "Polishing Papa" the Senior play at the school auditorium Friday night. It's full of thrills.

This last freeze has enabled those who had not completed the filling of their ice houses, to get all they need.

Mrs. Jess Bobenmeyer and Mrs. Jerry Sherman went to Cadillac Tuesday to consult Dr. Wheaton, an eye specialist.

Miss Martha Sorenson of Houghton Lake spent the week end with her aunt Mrs. Waldemar Jensen, coming to attend the basketball tournament.

Edgar McPhee of Detroit spent the week end at the home of his sister Mrs. Grant Thompson and family. He enjoyed the basketball tournament while here.

The Busy Bees of Maple Forest will meet at the home of Mrs. Archie Lozon on the afternoon of March 17 for an old time quilling party. A pot luck lunch will be served.

Grayling State Savings Bank cashed during January and February checks amounting to \$340,321.32 and the bank has 152 Commercial accounts and 24 Savings accounts.

St. Mary's Altar society will meet at the home of Mrs. W. J. Herie for their regular monthly meeting on Thursday, March 17. Mrs. Herie will be assisted by Mrs. Liland Smock.

Stanley Stephan, student at Ferris Institute Big Rapids, spent the week end at the home of his parents, Mr. and Mrs. George Stephan. He came to attend the basketball tournament.

Mr. and Mrs. A. J. Scott spent Sunday in Bay City at the home of Mrs. Alice Scott. Miss Virginia Scott who had spent a few days there visiting her grandmother accompanied them home.

Misses Evelyn and Lillian Jordan spent Saturday in Bay City and Pinconning. They were accompanied home by their father Henry Jordan, who is employed in Pinconning and who spent Sunday here.

Mr. and Mrs. Adelbert Wheeler and family had as their guests Thursday and Friday the former's mother Mrs. S. O. Wheeler, the Misses Grace Overly, Lucille Avery, and Mr. Cecil Fletcher of Detroit.

State High school inspector C. W. Price, Lansing, gave the most rigid inspection ever held for the Roscommon high school and congratulated the community on the real progress made since the last inspection made three years ago.

Miss Helga Jorgenson who is taking a beauty culture course in Detroit spent the week end at the home of her mother Mrs. Rasmus Jorgenson. Miss Jorgenson expects to open a Beauty Shop in the Alexander building here in April.

Recently a vacant cottage at St. Helen was entirely destroyed by fire of unknown origin about 9 o'clock at night. There being no fire apparatus, nothing could be done except to watch other houses. Had there been a wind many of the nearby houses would surely have been burned.

The list of delinquent tax lands of Crawford county to be offered for sale next May appears in this issue of the Avalanche. Property owners should check up their land descriptions and then look over the delinquent list to make sure their property has not been listed for unpaid taxes through error.

Don't miss the basketball games tonight. Grayling Lumberjacks will try to sweep the Bay City Trojans, who have been making a record for themselves this season, of their feet. As a preliminary the "Cork Screw Champions" and the "Collegiate" want to show you some real basketball playing. Be in time for the preliminary at 8:00 o'clock.

The dances that were held at the Temple Theatre after the tournament games Friday and Saturday night were attended by a large crowd. These dances were put on by the Winter Sports Dance Band and the music was fine as usual. Several from out of town who were here for the tournament attended and everyone seemed to have an enjoyable time.

Of interest to the bride's Grayling friends will be the marriage of Miss Alice Brink, daughter of Mr. and Mrs. R. W. Brink of Bay City, to Mr. W. Francis Hyatt of that city. The ceremony took place Saturday afternoon at the home of the bride's parents at five o'clock, and was read by Rev. Homer D. Mitchell. Attending the young couple were Miss Margaret McNeven and Dr. W. O. Rimmer, both of Postville. Mrs. Hyatt who is assistant society editor of the Bay City Times was born in Grayling and her girlhood was spent here. She has a large circle of friends who extend congratulations and best wishes.

Miss Georgiana Olson is ill at her home with the flu.

All Rubbers and Artics at 20% off at Olson's.

The Ladies Aid met at the home of Mrs. H. C. Schmidt last Friday.

Mrs. George Olson is able to be out again after having an attack of the flu.

Attorney Marius Insley is visiting his mother Mrs. Anna Insley in Detroit for a few days.

Wm. Miller of Lansing is visiting his mother Mrs. Earl Whipple and family for a few weeks.

Miss Mildred Hanson is absent from her duties at The Sorensons Furniture Store owing to illness.

Mr. and Mrs. Carl Nelson went to Saginaw Thursday on business. They were accompanied by Lyle Mitka.

Carl Nelson went to Lansing Sunday and drove back a Red Speedwagon truck for the Grayling Fish Hatchery.

The physics department of the Roscommon High school has received two telephones donated by the Tri-County Telephone Co.

Donald Reynolds left Thursday for Traverse City to attend a meeting of the local managers of the Michigan Public Service Co. that is being held there.

Attend the Senior Play tomorrow night, March 11, at the High School auditorium. The title is "Polishing Papa" and is an uproarious comedy in three acts.

Attend the basketball game tonight between the Lumberjacks and the Bay City Trojans. A snappy preliminary will be staged between the Cork Screw Champions and the Collegiate.

Mrs. Clair Smith and daughter Betty returned from a week's visit in Lansing Sunday. Mr. Smith and Miss Ruth McNeven drove to Clara to meet them to which place they had been accompanied by Mr. Smith's parents, Mr. and Mrs. Wilbur Smith of Lansing.

Lawrence Fuller and his orchestra who are wintering in Florida, are to resume their dance engagements in Michigan for the season in April. On the 22nd of that month they are booked to play for the annual Junior Hop of Grayling High School, and on the 30th they will open the season at the Rustic dance palace at Houghton Lake.

Grayling Theatre goers are assured a special treat Sunday and Monday nights when George Arliss will appear on the screen in "The Man Who Played God." This is a modern drama of real life. Do not miss this presentation. Tell your friends to not fail to see this attraction. You'll go away with the most satisfied feeling you have had from any picture in a long time. It is wonderful.

The "Comets" of Olivet college delivered the goods this season and won the Michigan Intercollegiate Athletic Association crown in basketball for the first time in 22 years. This fine educational institution is deserving of a lot of credit for this achievement.

The team rolled up a total of more than 800 points against their opponents this season. The coach is Walter B. Sprandel. Mary Schumann and "Chuck" Wylie are students of that college. Mary played a snappy game with Grayling High's last girl's basketball team, and Chuck played a stellar game at guard during his last three years in Grayling school.

The weather caught cold Saturday night and since that time near-zero weather at night has been the program. The drop in temperature was accompanied by snow and in reality this is the first real winter weather we have had all season. Cold, snow and drifts have been plenty for the past few days and it only reminds us of what we have been missing for the past three months. The crows and robins have returned to the dense swamps and the golf bugs have re-assembled their clubs and will have to await some nature's bidding before indulging in springtime fancies. But it won't be long now.

Members of the Woman's Benefit Association of which there is a Review in Grayling has received word of the invitation to present their spectacular W. B. A. Pageant at the World's Fair to be held in Chicago in 1933.

The Pageant was an event of 1931 in Soldier Field, Chicago. The "Century of Progress" exposition will be the world's greatest and most wonderful exhibition. Chicago has been preparing for years for this event and has created an entirely new setting on Lake Michigan that will surpass anything of the kind ever given in this country. Every country in the world will have its own building and exhibit. President Mrs. Vivian Peterson and members of the local Review will make special plans to have Grayling represented at that time.

Supt. Carpenter of the Roscommon schools is putting on a basketball tournament next week that bids to be a thriller. The last independent teams of southern Michigan will meet in conflict on the basketball court at the new school gym beginning Thursday night. Grayling will be represented by two teams—the renowned Lumberjacks under management of Spike McNeven, and the Grayling Flashers, under management of "Fuzzy" Reynolds. There will be eight teams in the tournament. The games start at 6:30 o'clock on the opening night. The admission prices are 25 and 50 cents. Grayling should turn out a good crowd for these games and thus show our appreciation of the fine patronage the Roscommonites afford Grayling affairs. Besides the games will be worth going a long distance to see.

John Browner of Flint was the guest of Junior Hanson for a few days. He returned to Flint Tuesday.

H. A. Bauman returned home Wednesday after spending six weeks with his wife and daughter in Salisbury, N. C. He says this is a business trip and will return south again in a few days.

In order to pay a substantial dividend in April to the depositors of the Bank of Grayling, the First National Bank of Bay City, receiver, has served approximately 50 summonses on note makers of the Bank of Grayling to appear before Justice Thomas Cassidy on March 16.

Motion pictures of the new Michigan Masonic home at Alma will be shown tonight at Masonic temple in the L.O.O.F. hall to members of the Masonic fraternity and their families and invited friends. This wonderful new institution is one of the finest in the world and will afford views that will be interesting and educational. Don't forget to be there. If you are interested in Masonry, Time, 7:30 p. m.

Hospital Notes

Mrs. Dr. Ford of Gaylord underwent an operation for appendicitis Wednesday night at Mercy Hospital.

Miss Janet Major of Cheboygan is a patient at Mercy Hospital having submitted to an operation for the removal of her appendix Friday. Dr. Christy of Cheboygan performed the operation.

Mrs. Cleve Hale of Gaylord underwent a major operation at Mercy Hospital Saturday. Dr. Riffenburg of Gaylord performed the operation.

Miss Edna Hanson, student nurse at Mercy Hospital is on duty again after a week's illness.

Sister Mary Stella and Sister Mary Agatha are ill with the flu.

Miss Evelyn VanSickle, student nurse, is on the sick list this week.

Jacob Piel of Gaylord is a patient at Mercy Hospital having a foot injury.

Mr. Stansmore of Cheboygan is a patient at Mercy Hospital receiving radical treatment.

Mr. Greenman of Elmira is receiving

ing medical treatment at Mercy Hospital.

Miss Theresa Jeruzal of Gaylord is a patient at Mercy Hospital suffering from an attack of the flu. Miss Jeruzal will have her appendix removed as soon as she is physically able.

Mrs. Henry Ahman was a patient at Mercy Hospital for a few days with a bad cold. She was dismissed Monday.

Mrs. Earl Hewitt and little daughter Constance Louise were dismissed from Mercy Hospital Wednesday.

EDITORIAL PARAGRAPHS

The dollar hoarders of 1932 might profit by the remembrance of what happened to the sugar hoarders of 1918.

Al Smith says he will run again if nominated. Well he got sixteen million votes in 1928 and probably figures it that 16,000,000 Democrats can't be wrong.

One of the troubles with modern youth is said to be that they don't pay any attention to their parents, and maybe in some cases it's just as well that they don't.

If the members of the present Detroit city government do their duty they will know that they have been tackling a job by the time they get things set to rights.—Detroit Free Press.

BEAVER CREEK TWP.

All-Star Team Picked.

This year's choice for the all-tournament team was made through the joint decision of several followers of the three day's session of basketball. In this way a comprehensive study was possible and the results should be of more value if there is any to this type of speculation.

In the "Big Four" it was fairly easy to choose; all but one position. That conundrum was the center post. It lay between Makel of Gaylord, Sheik of West Branch, and Harrison of Grayling. Harrison is a nice ball handler, veteran, cool, and effective. Sheik didn't play up to his standard for the year, and while he had just a flash of real form against Lake City he was rather a disappointment. He's had hard luck in his tournament play, and in justice to him it must be said he had been sick before the tournament. The place on the honor team was given to Makel, at last. He is steady and even, and had a very slight edge over Harrison in their evening's performance.

Sheehy of Grayling clearly won a guard post. He is a long range gunner of a high type, nice defensive player, and a natural selection. Nor would it be possible to leave Criske off the all-tournament team. Gaylord owes their victory over Grayling to this man, and he has consistently shown real class. Teamed with Sheehy as a guard he'd be invaluable.

The forwards were given to Gothro of Grayling and Anderson of Lake City. Gothro is a fine defensive player and a brilliant shot. Anderson played two nice tournament games, shining especially against Gaylord in the finals. In this offer he collected eleven out of nineteen points and stole the laurels from his teammate Davenport.

There were other good players in Class C. Howe and Noiro of Gaylord have been tournament stars here before. Davenport of Lake City was star against West Branch.

In Class D choice wasn't so difficult, even though more teams competed. Two McCoy boys from St. Mary's repeat their choice of last year. Louis placed at forward and the other at center. Two nice performers, these. They have drive and cleverness combined. Center McCoy is outstanding, though Louis gets the points and probably could dribble through a brick wall. Gingrich from St. Joe draws a forward berth. He's a sticker and won his place for his play against St. Mary's in that championship affair. Duggan, also of St. Joe, is a guard selection. He's rugged and a good ballhandler. He lends the steadiness to any defense.

Dougherty, of the Roscommon team, is the other guard choice. He's fast and experienced, and the decision of the committee came to rest on him. Class D had other good performers also. The youngest edition of the team McCoy, for instance. Ammond of St. Joe, for another forward. Sperry of Houghton Lake was the key to their club. Johnson of Roscommon looked good. Go ahead and select your own team if you choose.

The choices were made by referees Tabraham of Cadillac and R. O. Milnes of Grayling, Supt. R. H. Burns of Grayling, Timmer Fred Alexander and Scorer Gerald Foor of the tournament management, in an open forum discussion in which the opinions of coaches and basketball critics were considered. Such a ball seems to be a necessary part of every tournament—here's the result:

Class C All-Tournament:

Anderson, Lake City—F.

Gothro, Grayling—F.

Makel, Gaylord—C.

Sheehy, Grayling—G.

Criske, Gaylord—G.

Class D All-Tournament:

Gingrich, St. Joe—F.

L. McCoy, St. Mary's—F.

K. McCoy, St. Mary's—C.

Dougherty, Roscommon—G.

Duggan, St. Joe—G.

Cosmos.

Following are the names of the coaches who brought teams here:

Paul Richards—Johannesburg.

W. A. Boerner—Mio.

Edward Rankin—Houghton Lake.

Rev. Fr. U. A. Miller—St. Joseph's.

Rev. Fr. Francis Kaminski—St. Mary's.

David Munro—Roscommon.

E. A. Swanton—Lake City.

Jack N. Makel—Gaylord.

K. G. Jensen—West Branch.

Makes You Lose

Unhealthy Fat

Mrs. Ethel Smith of Norwich, Conn. writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days, but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too."

To take off fat—take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at any drug store in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you want results safely.

BISHOP GALLAGHER
AIDS ANTI-BOARDING

The Most Rev. Michael J. Gallagher, bishop of the Catholic Diocese of Detroit, declared his faith recently in President Hoover's anti-boarding campaign.

Giving a boost to the approaching Michigan drive to loosen the vast amount of money which, the bishop agrees, is secreted in safety deposit boxes and "the insecurity of old shoes," Bishop Gallagher said he was well aware of the frozen credits that "have clogged the veins of a large part of our banking structure."

Holds Faith in Nation.

"The money that is now at large, but carefully hidden away, would do much to remove this obstruction," he said, "and I would have much less love for and confidence in my country if I did not believe that certificates of our Government were not far safer than any security man ever has devised. If the Government is no good and if man has no faith in its integrity, he might just as well tear up his bills and cast them into the running river."

"There is nothing sounder in our economic structure today than the United States Treasury."

"This campaign will fail, however, if we leave it to the little fellow to put over. If he is hoarding, he is hoarding only a nominal amount. It is not enough that he put in his few dollars. It is just as important that men who have cashed thousands in their safety deposit boxes be stirred by the same loyalty."

Rich Must Assist.

"Their patriotism must be awakened as much as the small man's loyalty. Big men generally must appreciate that when they over-conserve their own wealth and retire some of it from active service, far more damage is done to the national life than tucking a \$5 bill into a sugar bowl."

Washington's Money At Work.

Col. Frank Knox, head of President Hoover's National Anti-Boarding Committee which this month will launch its effort to attract from hiding about \$1,500,000,000 which economists figure is under cover because of public timidity, sent to Henry T. Ewald, chairman of the Michigan Division, Monday the following letter from Rep. Sol Bloom, associate director of the George Washington Memorial Commission:

"Permit me to call your attention to the following acts and statements of George Washington on that subject of hoarding:

"In a letter to Robert Morris, financier of the Revolution, dated May 17, 1782, Washington said: 'We may spin the thread of economy till it breaks.'"

"Even when the Revolution looked as if it were destined to collapse, Washington kept taking everything he got from Mount Vernon to put into these loan office certificates. His dollars fought as many battles as his soldiers."

The Tale of Man, we read, has no public debt. But think of the wars he's missed.—Hamilton (Ohio) Spectator.

POTPOURRI

Fireflies

There are several kinds of fireflies, the most common of which is the lightning bug. The lightning—mechanism, usually situated on the sides of the abdomen, is composed of tissues to which are connected air tubes and nerves. The latter excite the air tubes, which convey to the fatty tissue the oxygen from which is produced the light.

Caucus Notices

Republican Caucus

The Republican electors of the Township of Grayling will meet in Caucus at the Court House, Grayling, Mich. on

Monday, March 14, 1932

at 8:00 o'clock p. m., Eastern Standard Time, for the purpose of nominating the following Township officers, to-wit: 1 Supervisor, 1 Clerk, Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables, and to transact any other matters that may legally come before the meeting.

Dated March 2, 1932.

By Order of Township Committee.

Democratic Caucus

The Democratic electors of the Township of Grayling will meet in Caucus at the Town Hall, Grayling, Mich. on

Monday, March 14, 1932

at 8:00 o'clock p. m., Eastern Standard Time, for the purpose of nominating the following Township officers, to-wit: 1 Supervisor, 1 Clerk, 1 Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables, and to transact any other matters that may legally come before the meeting.

Dated March 2, 1932.

By Order of Township Committee.

FRIGIDAIRE AT
NEW LOW PRICES

Monday, the Frigidaire Corporation announced sweeping price reductions on its complete line of household refrigerators. The lowest priced model, the ML-4, is listed at \$130, at the factory.

The drastic reductions were made as a result of a nation-wide survey which indicated that there are hundreds of thousands of people who would like to own a Frigidaire, but have deferred its actual purchase because of price, according to H. W. Newell, vice president in charge of sales, who made the announcement.

"This information has convinced us that such people who are already familiar with the superior features of our product, will want to place orders immediately, when they learn of these new prices, which shatter all former standards in the electric refrigeration industry," he said.

"In line with General Motors policy of passing savings on to the consumer, we have anticipated the economies in manufacturing that can be effected by greatly increased production and are offering the public the advantage of these savings in advance."

Frigidaire Corporation brings sixteen years of manufacturing experience, its mammoth factories covering 53 acres of floor space, the talents of hundreds of engineers and its well known financial resources into service in making what is regarded as the most sensational announcement in the history of the refrigeration business.

"It is facilities of such tremendous proportions that enables Frigidaire to provide the lowest priced quality refrigerators in the world," Mr. Newell continued. "The entire line of household Frigidaires have the same storage space, same freezing capacity, same ice trays, same shelf area and the same powerful two cylinder compressors that have made Frigidaire known all over the world."

Only the price has been changed. We have maintained our standards of workmanship, our standards of materials and all the features of our products. Nowhere is there any compromise with quality.

"In taking this step we are making it possible for those who know and want the best in refrigeration to have it. No longer will it be necessary for many to consider a so-called 'second choice' refrigerator, with a genuine Frigidaire to be had at the new price levels."

"This move further indicates the pioneering spirit that has been responsible for Frigidaire's many famous and important contributions to the economy, convenience and healthfulness of electric refrigeration. These contributions have won for it more than 2,000,000 users in all parts of the world."

And now, by the most sensational step in our history, we have shattered all former standards of value and have made it possible for people to

buy a good refrigerator, of high reputation at a low price and to do so without entertaining any doubts regarding its ice freezing capacity, its dependable operation and its ability to give life-time satisfaction. The Frigidaire name-plate is in itself a sufficient guarantee.

"That is why even the lowest priced model can be depended upon for long life, low current consumption, quick freezing of large quantities of ice and for unflinching food preservation on the hottest days and under all conditions."

The wide-spread popularity of the Frigidaire line is best attested by the fact that in 1931 this company built more household models than during the previous year.

A factory announcement stresses the point that Frigidaire follows the well known General Motors policy of assisting dealers to build a sound profitable business, assuring permanent representation and readiness to extend customer service.

Frank X. Tetu is the Grayling dealer.

LOVELLS NEWS

Mr. and Mrs. John Rowe have returned to Detroit after staying in Lovells for two months.

Some of the Lovells folks attended the basketball tournament at Grayling.

Mrs. Ira Dust and daughter Iris are visiting Mr. Dust a few days.

The Cheerful Givers club met at the home of Mrs. Edgar Caid last Thursday. The time was spent making a quilt.

James Husted of West Branch brought a party of boys to Lovells for a few days. They stayed at the home of Mr. Husted's sister, Mrs. Clarence Stillwagon.

Charles Morley of Saginaw is spending some time at the home of J. E. Kellogg.
